

# ODYSSEY OF THE MIND

***Calling all engineers, writers, actors, scientists, problem-solvers, project managers, artists, and creative thinkers!***

In Odyssey of the Mind, students work together in teams from October-March to:

- Develop a solution to a complex problem by means of an 8-minute skit.
- Practice creative thinking and risk-taking.
- Learn new skills and practice others.
- Develop confidence in their abilities.
- Work as a part of a team.
- Do it ALL themselves.
- Have lots of fun, make new friends, and learn at the same time!
- Present their skits and tackle an unknown problem at the Regional Tournament.

***Find out more about this international problem-solving program! Learn what it takes to coach! Form a team!***

**When:** \_\_\_\_\_

**Where:** \_\_\_\_\_

**Who:** Parents, students, and teachers who are interested in participating as coaches or on teams

**COACHES  
NEEDED!**

**WE CANNOT ORGANIZE TEAMS WITHOUT FIRST HAVING COACHES!** Most coaches are parents, but teachers who volunteer to coach can earn CEUs. Coaches will receive training and support to help them take on this rewarding role. Join us to find out more about how you can help!

**???? Questions ????**

Please email \_\_\_\_\_ at \_\_\_\_\_SSSSSSSS\_\_\_\_\_.

For more information and a short synopsis of this year's problems, go to [www.odysseyofthemind.com](http://www.odysseyofthemind.com) and [www.novanorth.org](http://www.novanorth.org) to learn more about coaching, participating, and general information.

(Please be aware that the cost limits listed there are NOT the individual costs of participation.)
