

Coaches! Are you struggling to fit in enough Spontaneous practice time during team meetings? Do you need a little "Outside Assistance" with your Spontaneous practice sessions? If yes, then we would like to invite you and your teams to attend our Spontaneous Festival taking place late February in Reston VA.

Teams will be given various types of problems to solve following the most recent changes to the spontaneous competition per CCI, followed by an analysis of the problem and breakdown of the team's performance. Each team will leave with a package of problems to use for practice at home. There is a participation fee of \$50 per team to help cover facility fee, materials and printing costs.

Please note that this event is not sponsored/endorsed by NovaNorth. It is being held by an Odyssey team that is taking a break from competition this year but want to give back to our Odyssey community. Most of us have been working together on Odyssey of the Mind since 3rd grade and between all of us have been to World Finals 4 times in person and once virtually. We would love to help you fine tune your team's Spontaneous Skills. We will be supervised by our two coaches throughout preparation for, and day of Festival.

Please contact Natasha Petinaux to find out more about this event at [Npetinaux@gmail.com](mailto:Npetinaux@gmail.com) and instructions on how to participate. Space is limited, so please send an email by February 9th 2023. The event date is being finalized and will be updated soon.

Hope to see you there!
